

Monster Mine

Oh monster mine
So cruel, so fine
With your embrace
And your deadly grace

I can't think
Can't live
Can't be

Oh monster mine
Time on your side
I gave the bliss
Of your poisoned kiss.

So I can't think
Can't dream
Can't be

Oh monster mine
It's my decision
To be a fool
To be out of control
To lose my cool.

To not think
To not dream
To not be

But the longer I stay
The harder it gets
The bloodier the fray
The weaker my regrets

And in the end
You'll consume me
Abuse me and confuse me
Arouse me and seduce me
Until I'll lie sedated
Violently frustrated
Valiantly defeated

And yet I'll still smile
To be with a monster
So wonderfully vile

Oh Monster mine,
My beautiful creature
My damned hard teacher
Not sent from hell
Nor heaven above
Your monstrous name
Is cold Hearted Love
